What is the White black lacquer kitchen cupboard made.

Eco-friendly particle board/plywood

J&S uses particle boards with high health and environmental protection grades, plywood, MDF, from E1 to E0, to "aldehyde-free", J&S always insists on purchasing high environmental protection boards, and has always been in the leading position in the cabinet industry. Formaldehyde-based MDI ecological glue is used as a board adhesive, and the board has been certified by CARB-NAF in the United States, making outstanding contributions to the environmental protection, health and high quality of furniture.

Cabinet connect hardware

A set of high-quality cabinets is inseparable from high-quality hinges. DTC brand hinges are compliant traction damping buffer hinges with built-in damping hinge transmission systems, and are made of German engineering plastic materials, damping and buffering, soft and comfortable, creating suppleness and quietness closed, let the cabinet door close softly and smoothly.

FAQ

What are the most popular kitchen cabinet colors for 2022?

There is no doubt that White black lacquer kitchen cupboard is the mainstream color this year. The most common color of baking paint is white. The advantages of baking paint cabinet door panels are their bright colors, beautiful appearance, good visual impact, and their waterproof and anti-slip properties. Very good, anti-fouling ability is also very strong, relatively easy to clean. Choosing white as the main color is definitely a no-brainer and will never go out of style.
